February 18, 2026
For Immediate Release

Cambridge To Help Nonprofit Organizations Provide Services

The City of Cambridge is accepting applications for grants to local non-profit organizations for providing services and programming to children or seniors in our community. The goal is, through the best use of the funds, to provide maximum positive impact for the targeted populations.

The scope of the service to be provided is undefined, limited only by the needs of the populations: children and seniors. The applications received will be graded and ranked to determine funding. No grant will be awarded more than \$15,000 and because funds are limited, all requests may not be funded. Please be realistic about your requests. If there are any questions, please contact the City Manager's Office.

Applications need to be completed and turned in at the City Manager's office by the end of business on Friday, March 6, 2026, to be considered. You can get a copy of the application from the City website (<https://bit.ly/3ZJluWg>).

The funding for this program is part of the 26-27 budget. Accepted applications will be funded after July 1st.
